SJPD CRIMINAL INTELLIGENCE UNIT – STATEMENT OF PRINCIPLES

Criminal Intelligence Unit personnel pursue an analytical process which collects and assesses information about crimes, criminals and criminal enterprises with the purpose of assisting department personnel in making judgments and inferences about community conditions, potential problems and criminal activity. Information is collected, maintained and disseminated on organized criminal activity and incidents of public disorder. The intent is to assist other bureaus with criminal prosecution and/or project crime trends.

In an effort to maintain the balance between the rights of the individual and controlling criminal activity, unit personnel subscribe to the principle of absolute prohibition against the use of illegal or unauthorized methods of obtaining or distributing criminal intelligence information.
