211 Community Resource Info

211 is a free, non-emergency, confidential, 3 digit phone number and service that provides streamlined access to critical health and human services. 2-1-1 operates 24 hours a day, 7 days a week over 140 different languages.

- (866) 896-3587 or (800)273-6222
- <https://www.211bayarea.org/santaclara/>

2-1-1 Resources

- Clothing, Food, Personal Goods and Services.
- Disaster Planning, Response and Recovery.
- Drug and Alcohol Treatment
- Education and Training.
- Employment Services and Financial Assistance.
- Family, Individual, and Community Services.
- Health, Fitness, and Environmental Services.
- Housing, Shelter and Transportation.
- Legal, Immigration and Criminal Services.
- Mental Health and Counseling Services.
- Self Help Groups and Services.
- Senior and Disability Services.

3-1-1 Non-Emergency Reporting examples

- Music Complaint
- Parking Violations

5-1-1 (Traffic Information)

511 is your one-stop phone and web source for up-to-the-minute transportation information. It's FREE and available whenever you need it – 24/7 – from anywhere in the nine-county Bay Area.

6-1-1 (Telephone Repair)

Dial611.com - Offers comparison of telecommunications, phone services

7-1-1 CA Relay for

The FCC has reserved 7-1-1 for relay service access. Just as you can call 4-1-1 for information, as of October 1, 2001, you can dial 7-1-1 to connect to relay service anywhere in the United States.

7-1-1 makes it easier for travelers to use relay because they will not have to remember relay numbers in every state.

The number 7-1-1 is a relay number for every state in this country. When a TTY caller or a non-TTY user calls the relay number, the operator will dial the number s/he wishes to contact and relay the messages between two parties using voice and TTY

8-1-1 (Call before you dig)

Dial 811 from anywhere in the country a few days prior to digging, and your call will be routed to your local One Call Center. Tell the operator where you're planning to dig, what type of work you will be doing and your affected local utilities companies will be notified about your intent to dig. In a few days, they'll send a locator to mark the approximate location of your underground lines, pipes and cables, so you'll know what's below - and be able to dig safely.
