Case Study Block 9 Intervention

TRAINEE

Officer Michelle Loeb

Trainee Bio

Officer Loeb is a 24-year-old female with an Associate's Degree in Police Science. She worked as a loss prevention officer for a local department store prior to entering the academy. She did well in the academy. Officer Loeb is a single parent with a 3-year-old child. She has a good work ethic and writes exceptionally well.

Scenario Description – Intervention

You and Officer Loeb are responding to a 415 Party. Upon arrival, a drunk and boisterous male, who is about 6' 5" tall, confronts you. You decide to let Loeb be the contact officer, while you take a cover officer position to observe. Loeb makes contact but the subject begins to back Loeb around the police vehicle refusing to cooperate with her. The subject seems to be harmless with his actions so you continue to observe Loeb. Suddenly, he backs Loeb up against the passenger's door. He swings his arms around indiscriminately and accidentally pulls Loeb's clip-on tie from her uniform. Loeb immediately applies a front kick to the subject's groin area, takes him to the ground, and handcuffs him. Would you have intervened, and if so, when? What would you do, and why?
