Case Study Block 10 Remediation

TRAINEE

Officer Randy Bean

Trainee Bio

Officer Bean is a 35-year-old male with no prior law enforcement experience. While he has no criminal record, his brother is on parole. He has worked in construction the last 17 years and has a GED. He is street-smart and relates well with those he contacts on a daily basis. Officer Bean is divorced with four kids.

Scenario Description – Remediation

Despite your best teaching and training efforts, Officer Bean continues to have serious issues with drafting his narratives. You have found it necessary to go over each case prior to his writing the report, and even then, have to remind him to include details you've previously discussed. Bean does not appear to be learning, nor applying the corrections, from previous cases.

Write a remediation plan for Officer Bean's report writing problem.
