Scenario Description – Teaching and Training Skills Development

After responding to a robbery call, and with the scene now stabilized, you observe Officer Loeb begin to interview the victim. You notice Loeb has changed from her previous soft, calm but direct approach to interviewing crime victims, to a short, abrupt, and to the point approach with no empathy towards the victim. This interviewing style is “just the facts ma’am.” You are wondering why this has happened, and you want to develop a teaching and training plan to address this behavior.
