Bulletin #2023-013

Santa Clara County's Local Fire Service and Rescue Mutual Aid Plan, which was agreed upon by the Santa Clara County Police Chiefs' Association, recommends that all county police agencies use a common CAD event type for active assailant events. This includes active shooter events. In response to this recommendation, all police agencies in the county have agreed to adopt the event type code "ACTIVE" (defined as "Active Assailant") to dispatch and respond to active assailant events.

On April 1, 2023, the San Jose Police Department will begin using the CAD event type code "ACTIVE" for active assailant events, [REDACTED]
