TRAINING BULLETIN

TO: ALL DEPARTMENT PERSONNEL

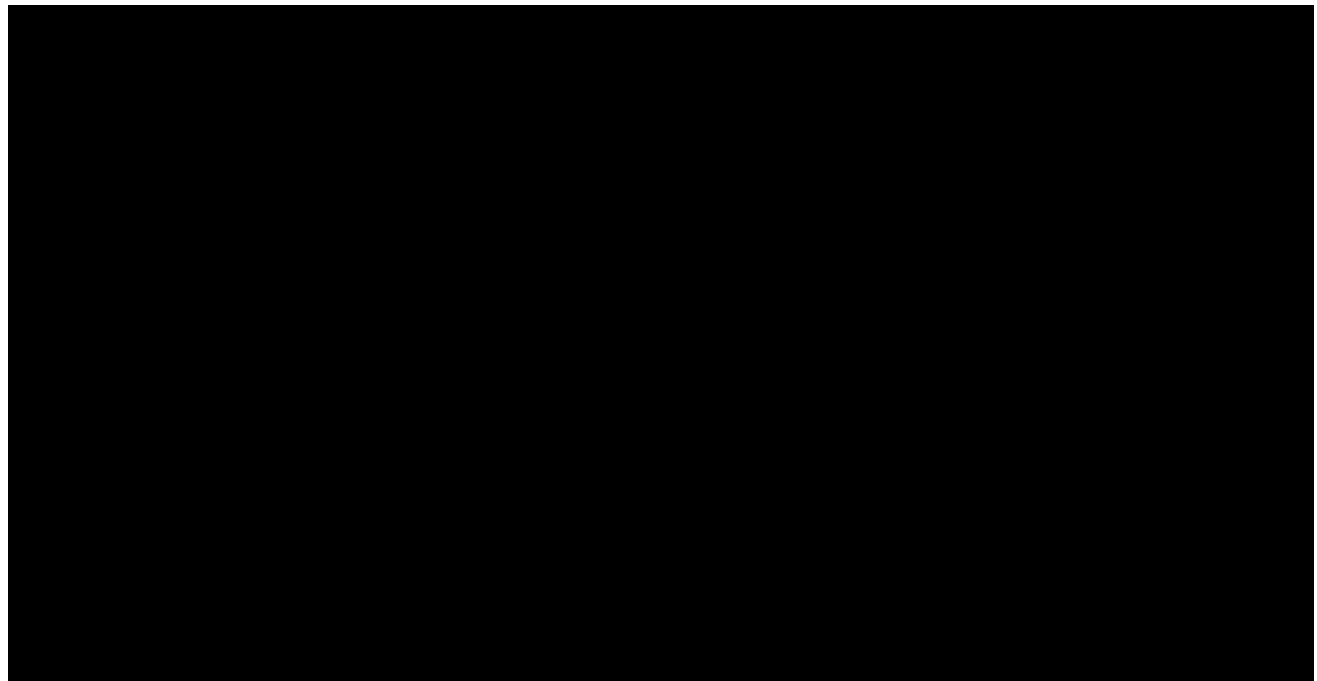

FROM: Anthony Mata
Chief of Police

**SUBJECT: EVENT CLEARANCE “UNHOUSED
RELATED” AND “PERCEIVED
DISABILITY” FIELDS**

DATE: April 6, 2022

Bulletin# 2022-009

The *Event Clear* mask in Department MDTs requires officers to respond to two additional fields: “Unhoused Related” and “Perceived Disability” before successfully clearing an event.

“Unhoused Related”: If the event involved a person or persons suspected or confirmed to be unhoused, or if the event involved a geographic area occupied by an unhoused person, the officer should select the “Yes” option. Alternatively, the officer should select the “No” option.

“Perceived Disability”: Utilizing a drop-down menu, officers should select the most appropriate perceived disability involved in or at the center of the event:

- None
- Mental Health Condition (MHC)
- Intellectual or Developmental Disability, including Dementia (DEV)
- Multiple Disabilities (MD)
- Blind or Limited Vision (BLIND)
- Deafness or Difficulty Hearing (DEAF)
- Speech Impairment or Limited Use of Language (SI)
- Hyperactivity (HYP)
- Other disability (O)

Officers will not be able to clear events on Department MDTs without completing both the “Unhoused Related” and “Perceived Disability” fields.

Personnel from the Systems Development Division will be available in upcoming briefings to answer any questions regarding MDC Upgrades for authorized MDT users. Please contact [REDACTED] [REDACTED] of the Systems Development Division [REDACTED] with any further questions.
